

CORE CAPABILITY

ADT's WASP is a secure desktop Keyboard, Video, Monitor (KVM) switch supporting the latest in high-speed connectivity and incorporating advanced security.

PRODUCT DESCRIPTION

- Developed for highly secure environments, this KVM has been designed to meet the highest level of protection, both physically and digitally.
- Conveniently small and does not require an external power supply.
- WASP is Australian designed, built and manufactured.
- Built on ADT's patent pending security architecture, designed to mitigate the risk of cyber intrusion and isolate different security domains, enabling the device to be used in highly sensitive environments.
- Common Criteria certified.

SPECIFICATIONS

	ADTKVM2mDP	ADTKVM3mDP	ADTKVM4mDP
PC Ports	2	3	4
Max Resolution	4K/60Hz	4K/60Hz	4K/60Hz
Interface	Mini-DP 1.4a, USB-C Supplied with Type C to Type A, and Mini-DP to DP cables		
User Interface	Configurable colour coded buttons to match security classification		
MST support	Yes – up to 2 monitors	Yes – up to 4 monitors	
Physical	142mm x 85mm x 28mm	155mm x 85mm x 32mm	155mm x 85mm x 32mm
Weight	700g	850g	850g
Cooling	Passive cooling		
Operating Temp	0 to +40 degrees Celsius		
Power	Bus Powered
